Carmen Ma

Frontend Developer | React • TypeScript • JavaScript

carmen.ma73@gmail.com • pomimon.github.io • github.com/pomimon

Frontend developer with a graphic design background, building responsive web applications with React and TypeScript.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, Python, HTML5, CSS3, SQL

Frontend: React, Vue, React Router, Vue Router, Zustand

Styling: CSS Modules, Tailwind CSS, Bulma, Bootstrap, Responsive Design

Tools: Git/GitHub, Zed, Bun/npm, Jest

Design: Adobe Creative Suite, Affinity Suite, Figma, UI/UX Design, Typography

Other: RESTful APIs, Web Scraping, Google Cloud, GitHub Pages

PROJECTS

Pokedex

Live Demo GitHub

Interactive web app displaying 151 Pokémon data

Built with React, TypeScript and Zustand for state management, integrating PokéAPI with optimized API call patterns. Features type-based filtering, modal navigation, evolution chains, and detailed stat displays. Responsive design with type-based color theming and accessibility considerations. Deployed via GitHub Pages.

Streaming Website

GitHub

Full-stack platform for browsing live animal camera feeds

Frontend built with React, TypeScript, React Router for multi-page navigation, and CSS Modules for styling. Bun server with SQLite database to query category information and data storage. Curated a list of videos based on database information. Deployed via Google Cloud.

PROFESSIONAL EXPERIENCE

BC Lottery Corporation

Vancouver, Canada | Oct 2019 – Feb 2021

Graphic Designer

Created on-brand corporate graphics for internal and external use across 10+ departments. Reviewed and edited assets to ensure brand compliance across all materials. Streamlined internal print processes through stakeholder collaboration, reducing costs across departments. Produced marketing materials and delivered print services to over 300 retail locations. Created comprehensive documentation and step-by-step guides for print processes and machinery operation.

Terry Trophy & Awards

Kamloops, Canada | Mar 2018 – Feb 2019

Graphic Designer

Designed marketing materials, branding, and promotional graphics for the company and clients. Strengthened client relationships resulting in 20% increased sales opportunities. Managed over $15,000 monthly revenue for embellishment and promotional products. Led internal training workshops on graphic requirements and equipment, reducing miscommunications by 50%.

Stitches Creation

Burnaby, Canada | Oct 2015 – Feb 2017

Lead Graphic Coordinator

Produced custom screen print graphics ensuring each design reflected the client's brand. Managed 20+ accounts totalling approximately $350,000 in annual revenue. Developed a template library with over 60 modern clothing options to expedite mockup turnaround. Refined and prepared client-supplied artwork for diverse applications, ensuring optimal quality across all formats. Conducted training sessions for new hires on image requirements, best practices, and techniques.
